iCARDWALLET

CasePower iCardWallet combines a compact Card Wallet with a stylish rechargeable battery in a super-thin Finish. It provides an extra boost of Battery Time just when you need it. Keep it in your wallet and stay powered at all times. The Battery has an inbuilt cable for easy charging "on the go" for your iPhone/Smartphone.

The Card Wallet is made in high quality micro-fibre with a "leather look" in a slim unisex style. It features two compartments for cards and one compartment fitting for the Credit Card Battery.
